Voronoi: nearest player

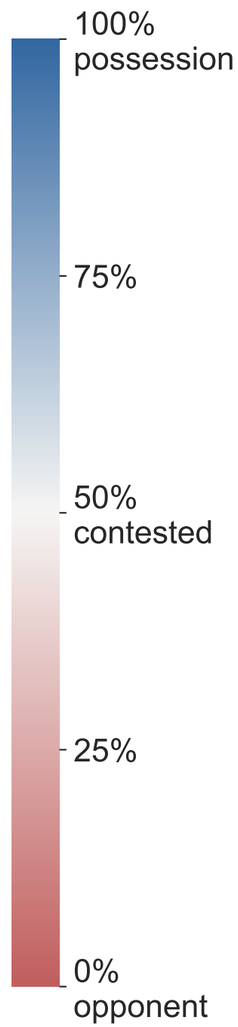

Hard cells. Fast and exact, but a player 1 yard closer 'owns' a whole cell.

Spearman pitch control

Probability surface from time-to-intercept. Smooths the blocky edges.

Hatched = more than 42 yd from the nearest visible player, where the surface is extrapolated rather than measured.
Argentina 3-3 France · FIFA World Cup 2022 · attacking half only, 21 of 22 players visible. Data provided by StatsBomb.
